

## **KHOPE International**

Kids Hope Over Poverty

### *Announces their new **Adopt-A-Goat Program***

Now you can support the girls at the Cardinal Maurice Otunga Empowerment Center in Nairobi by adopting a goat for the school. Each goat will produce much needed milk for the girls and allow the school to raise additional funds by selling the offspring and any excess milk products. Having a goat to care for is also extremely helpful in the girls recovery and healing from the experiences of their life before the CMO.

**As a thank you for your donation of you will receive:**

- **A photo of your goat**
- **The right to name your goat (for donations of \$100 or more\*)**
- **An adoption certificate**

\*Donations of lesser amounts are always welcomed and will be combined with others to purchase a goat.

Adopted-goats make great gifts. Your recipient will receive a letter stating that the Adopt-A-Goat is from you. Just include your recipient's name and address on the adoption form below.
